February 1, 2023

## **Message From Ted**

Dear VCC Community,

The evidence supporting the dangers of the experimental genetic injections continue to mount. This is not a surprise to those of us who bothered to investigate the claims of the government and the vaccine industry. What is surprising is how resistant our governments, media, public health and family and friends are to admitting to their errors in judgment.

The real value of the last three years is that humanity is having conversations we rarely bothered to have before. We are now asking questions such as: Can the government be trusted to act in our best interests?; If not, what safeguards can be put in place? Is the corporate controlled media a reliable source of information?; How much government is too much government? and What are the moral foundations upon which our society ought to be based?

As difficult as this time is, the corruption, deception, distortions and malfeasance are being exposed. Soon there will be nowhere to hide. Witness the Project Veritas expose. Our next focus will be how do we rebuild into a better society, one where responsibility, accountability and morality are the measures of a healthy society. It's time to consciously create the society we want for our children and grandchildren.

Ted

### **In Conversation with Dr Andrew Wakefield.**

Dr Andrew Wakefield, is a man of courage and integrity. He paid a heavy price for questioning the safety of vaccines, with the loss of his medical license and livelihood. In response, he forged a new path as an award- winning filmmaker, who continues to share the truth about vaccines through his films, *Vaxxed: From Cover-up to Catastrophe*, *1986: The Act, Who Killed Alex Spourdalakis?* and most recently, his collaboration with Robert F Kennedy titled, *Infertility: A Diabolical Agenda*.

President, Vaccine Choice Canada

## The War is Ours to End

The problem for most of us is that we don't recognize the threat before us.

We don't understand the war we are in.

Most Canadians have never, in their lifetime, experienced this level of tyranny from our governments, our public health, and from our mainstream media.

Those who come from countries with communism, brutal dictatorships, and military controlled governments see what is happening and are terrified.

This pandemic is not about a virus.

February 21, 2021, last updated July 31, 2021

*Most of the links below are from medical journals, the FDA, CDC, and other entities that generally support vaccination, yet the information in this article shows how EXTREMELY RISKY the COVID-19 vaccines are.*

***This is the article that was lied about by USA Today on 4/27/2021.  
See 'Fraud related to COVID vaccines' below.***

In my family, we have a rule: If you consider having an experimental medical procedure done,

1. Don't even think of insisting that anyone else have it done, inside or outside the family, because they control their own health decisions, not you; and
2. Be sure you have read about and can explain in your own words all of the known risks of that procedure before embarking on it. Also, consider potential future risks.

I ask that you, the reader, at least take time to consider the above, and at least consider reading information in the links below, before submitting to this experimental medical procedure.

This doctor's assessment: "Taking the COVID injection is an act of extreme and reckless self-destruction."

The Web of Fraud that is Enslaving Everyone

## What the Hell is Going On?

Donald Lee makes an important contribution to exposing the web of fraud we are experiencing with his book – **What The Hell is Going On?** Lee places the current pandemic fraud in context by providing historical examples of other deceptions

perpetrated upon the human race during the last century. What we are experiencing today is a familiar battle between light and dark, freedom and control. The current war against freedom is unlike any war in history. In this fifth generation war, the enemy is invisible. The real value of Lee's writing is that he makes the enemy visible, and provides solutions to enable us to *'escape to freedom'*.
