## Message from Ted

Those of us who participated in supporting and witnessing the National Citizens Inquiry are feeling the impact of more than 300 witnesses testifying over 24 days in eight cities. The intensity is not just the emotional response to the stories of the many victims of the government's misguided efforts. Of greater impact is the realization that

we may have experienced the greatest violation of humanity in history.

As the **Honourable Ches Crosby** stated in his closing remarks, what we experienced was medical martial law imposed by a military grade psychological operation. Where I disagree with Mr. Crosby is when he stated - *“Every politician panicked.”* I suggest otherwise. What transpired these last three years was not a mistake, but rather a well planned, well executed effort to undermine the rights of freedoms of citizens globally.

Robert F Kennedy Jr. spells this out in his book - *The Real Anthony Fauci*. Kennedy writes - *“After twenty years of modeling exercises (of which Event 201 was only one), the CIA, working with medical technocrats and billionaire tycoons, pulled off the ultimate coup d’etat.”* We are the victims of state

sponsored violence and a global war on freedom and democracy.

The NCI exposed this tyranny and left little doubt that our politicians, medical industry, media and judges didn't act out of fear, but rather did as they were told. Our part in this tyranny is that we naively assumed they were acting in our best interest rather than their own.

Kennedy concludes what many of us have come to realize - *"It is ordinary people who can rescue us from tyranny . . . These actions are not easy, but living with the consequences of inaction would be far harder."*

God bless all those who helped to make the National Citizen's Inquiry a reality. May its efforts leave an indelible mark on the soul of all Canadians.

Ted

# Homeopathy as a First Line Preventative & Treatment for the Whole Family

Dr. Shuli Krakauer knew since childhood that she would pursue a career in veterinary medicine. She graduated from the Ontario Veterinary College in 1997 and practiced first in a rural setting and later in a busy Vancouver emergency clinic. Seeing the limitations of conventional veterinary medicine led Dr. Krakauer to explore acupuncture

and homeopathy. She completed a four year homeopathy program in 2000 and opened the Roving Veterinary Housecall Service.

*“Homeopathy has enriched my life beyond what I would have imagined, and has given me tools that have confirmed my belief that deep healing is always possible.”* Dr. Krakauer recently re-located to Slocan, BC.

# Inspirational Message

"If they truly had the power, why do they need so much weaponized propaganda to trick us into enslaving ourselves? If they truly had the power, why do they need to censor debate and any questioning of their activities? If they truly had the power, why do they need to bribe everyone in their path to push their agenda ahead? The facts are clear. We have the power and the faster people realize this, the quicker this will end..."
