Message from Ted

Dear VCC Community,

I attended two wonderful events this weekend. On Friday evening I joined the fundraiser sponsored by the Canadian Society for Science and Ethics in Medicine (CSSEM) to raise funds for the doctors, nurses and other health professionals terminated

by the BC Government because of their moral integrity. The room was packed with beautiful, like-minded souls who all came together to honour and support our true health heroes. Then on Sunday, Queenie, the VCC Chapter leader for East Vancouver hosted a wonderful gathering which included a lengthy discussion with John Rustad, leader of the BC Conservative Party, a potluck, followed by the screening of Mikki Willis' latest documentary – **'The Great Awakening'**. I left feeling nourished, affirmed, and hopeful with the growing commitment by so many to reclaim our rights and freedoms in this country.

I suggest there is something magical about this time. It feels unlike any other time in my lifetime. I feel as though each of us is living the '*hero's journey*' as defined by mythologist Joseph Campbell. Campbell defines a hero as "*someone who has given*

his or her life to something bigger than oneself." He outlines four main stages to the Heroes Journey:

1. **Conflict** - which calls the hero to leave their familiar world in search of something. They know that something important hangs in the balance and refusal of the call is simply not an option.

2. **Initiation** - This is the point where turning back is not an option, and where they usually encounter tests, allies and enemies.

3. **Transformation** - The final separation from their old life to their new life.

4. **The Hero's Return.**

A colleague shared with me her belief that we are in '***The Great Turning***'. The task before us is to slow the harm, engage new and old ways of rebuilding, and finally to experience a shift in consciousness.

I'm confident there is something more to this journey than simply protesting vaccine mandates, masking, and lockdowns. But rather, these are the tests to challenge and transform the hero within all of us. In all of our dealings, let us not forget that ultimately this is about our transformation and our birthing into a new consciousness. It is our goal to be *"a guiding light to help humanity steer its way home."*

I must say I felt the transformation in the gatherings I participated in this weekend.

Blessings to all of you for answering the call.

Ted

Bill C-47 Is Now Law

On June 22nd, 2023 the government passed Bill C-47 which will have far reaching effects on all natural health products and practitioners in Canada. The sections of the bill pertaining to natural health products (sections 500-504) were well hidden inside a lengthy budget bill and as a result, many Canadians were not aware of them. Now that the bill has

passed, it is urgent that we take action to protect our access to natural health products.

We must demand that our MPs repeal sections 500 to 504 from Bill C-47.

Understanding the consequences of sections 500-504 of Bill C-47 is critical for any Canadian who uses natural health products, seeks services from natural health practitioners, and values their freedom to care for their body in whatever way they choose. The Natural Health Products Protection Association ([NHPPA.org](https://nhppa.org)) has updated Shawn Buckley's latest Discussion Paper to reflect Bill C-47 passing into law. To see a 5 minute video, June 23rd, on Bill C-47 and Shawn's '*Call to Repeal*' [Watch Here](#).

Actions You Can Take Today:

1. Call your MP and request an in-person meeting to discuss the effects of Bill C-47 on natural health

products.

2. Write a letter to your MP to share your concerns about Bill C-47 and how it will impact your access to natural health products and practitioners (to see guidelines for writing your letter, please watch for campaign updates at [NHPPA.org](https://nhppa.org))

3. Please subscribe to the Natural Health Products Protection Association ([NHPPA.org](https://nhppa.org)) to receive their updates and action items.

We will be sending out further action items and updates as they become available.
