

DOCUMENTARIES

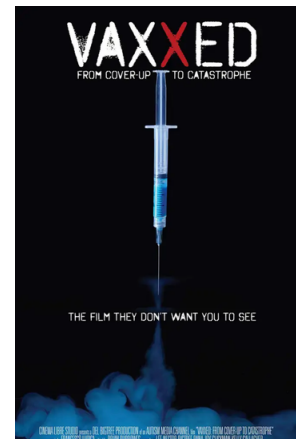

This is a list of documentaries, based on a variety of topics including, stories of the vaccine injured, vaccine risk, and studies on the vaxxed vs unvaxxed. This content will open the door to discovering the many other videos that have been created to inform the public of the potential risk of vaccination.

Vaxxed | From Coverup to Catastrophe

A documentary investigating how the CDC, the government agency charged with protecting the health of American citizens, destroyed data on a 2004 study that showed a link between the MMR vaccine and autism.

Vaxxed II | The People's Truth

Stunned by the immense volume of parents lining up outside the theatres with vaccine injury stories to share, VAXXED producer Polly Tommey began to livestream worldwide, reaching millions, and a community that had once been silenced were empowered to rise up.

Interviews of parents and doctors with nothing to gain and everything to lose, exposed the vaccine injury epidemic and asked the question on every parent's mind, "Are vaccines really as safe and effective as we've been told?"

An Inconvenient Study

In 2016, journalist Del Bigtree issued a challenge to the head of infectious disease at one of the most prestigious medical institutions in the world: conduct the most thorough vaxxed vs. unvaxxed study that has ever been done. The expert took up the challenge and ran the study to prove Del wrong. That study never saw the light of day... until now.

Follow the Silenced

Follow the Silenced reveals the heartbreaking journey of Americans who trusted the science, only to have their lives forever changed by being chosen for the first COVID vaccine trials. These brave souls refused to be silenced.

This powerful documentary follows those who were smeared, slandered, and pushed into the shadows. When Big Pharma and the government turned their backs, they found strength in each other.
