

# ONLINE RESOURCES

---

This a collection of links to trusted organizations that provide vaccine education.

## Children's Health Defense

CHD is home to The Defender, their flagship daily news platform, delivering trusted, science-backed coverage on health freedom, vaccine safety, medical ethics, environmental toxins, and more. Through CHD.TV, they offer a wide range of original programming, including expert interviews, live events, and an investigative series that challenge censorship and empower citizens with truth. ## Canada Health Alliance

CHA is a national not-for-profit collaboration of concerned citizens and healthcare professionals who are committed to supporting Canadians in improving their health and wellbeing. [Visit Website](#)

## World Council for Health

WCH is a non-profit initiative for the people, that is informed and funded by the people. Our international coalition of health-focused initiatives and civil society groups seeks to broaden public knowledge and sense-making through science and shared wisdom. We are dedicated to safeguarding human rights and free will, whilst empowering people to take control of their health and wellbeing. [Visit Website](#)

## Informed Consent Action Network

Founded in 2016, ICAN was created with the goal of providing every person with the right to informed consent. We believe that by holding regulators accountable through our successful legal actions, individuals will become empowered to make truly informed decisions about their own health and the health of their families. Using an unprecedented legal strategy, ICAN has successfully won lawsuits against Health and Human Services, the Centers for Disease Control, the National Institutes of Health and the Food and Drug Administration. ## Canadian Citizens Care Alliance

Independent Canadian scientists and doctors providing top quality, balanced, evidence-based information to educate the public about Canada's response to COVID-19, to overcome fear, reduce hospitalizations, save lives, restore our country, and give people a sense of hope. [Visit Website](#)

## Mama Bears Project

The Mama Bears Project is a child-centred, family-focused resource hub. The goal of the Mama Bears Project is to empower parents and communities to get involved, to actively participate in all aspects of the lives of their children. We provide detailed and insightful information and resources on important issues affecting children of all ages today.

## National Vaccine Information Center (NVIC)

NVIC provides counseling and information assistance to those who have suffered vaccine reactions; promotes independent, methodologically sound scientific research to evaluate vaccine safety and effectiveness, as well as to identify factors that place some individuals at higher risk for suffering vaccine reactions; and monitors vaccine research, development, regulation, policymaking, and legislation. **[Visit Website](#)**

## Age of Autism

Age of Autism is dedicated to covering autism news, science, and stories that matter to our community. We publish original reporting and commentary to elevate informed discussion. **[Visit Website](#)**

## Weston A. Price Foundation

The Weston A. Price Foundation is a nonprofit, tax-exempt charity founded in 1999 to disseminate the research of nutrition pioneer Dr. Weston Price, whose studies of isolated non-industrialized peoples established the parameters of human health and determined the optimum characteristics of human diets. The Foundation is dedicated to restoring nutrient-dense foods to the human diet through education, research, and activism.

## Health Freedom Institute

Health Freedom Institute (HFI) is a 501(c)(3) nonprofit organization, created in 2021 to offer easily accessible and digestible information on research and policies, that put individuals and families in charge of their health. **[Visit Website](#)**

## Physicians for Informed Consent

The mission of Physicians for Informed Consent (PIC) is to deliver data on infectious diseases and vaccines, and unite doctors, scientists, healthcare professionals, attorneys, and families who support health freedom in vaccination. **[Visit Website](#)**

## The Covid Index

The Covid Index is an extensive, growing directory of evidence exposing the many falsehoods promoted by dishonest officials and major media outlets throughout the COVID-19 experience. Collectively known as the 'Covid Narrative,' these false claims deceived the public about consequential issues, fuelled harmful divisiveness, and ruined many lives. [Visit Website](#)

## National Citizens Inquiry

The National Citizens Inquiry is a citizen-led and citizen-funded initiative that is completely independent from government and operates without legal compulsion or coercion. The NCI has been created to support the following objectives: TO LISTEN to the stories of Canadians impacted by the health protection measures adopted and to the testimonies of experts, including those whose narratives differ from the governmental narrative; TO LEARN what went right and what went wrong during the past three years, and what lessons are to be learned from Canada's COVID-19 experience; and TO RECOMMEND ways and means of ensuring that any future national crises are better managed, harms are mitigated, and trust in public institutions is upheld. [Visit Website](#)

## Vaccine Guide

A collection of research and information regarding vaccines and the infectious diseases they aim to prevent. What you see presented here, represents a small fraction of the evidence that exists, which provides an alternative view of the vaccine program and its impact on human health. [Visit Website](#)

## CANrise19

A patient led advocacy organization offering emotional support groups, financial support through our developing care fund, and access to scientific research to those suffering adversely due to the COVID-19 pandemic response. CANrise19 hosts FREE virtual support groups for those injured by the COVID-19 vaccines, including one for young adults ages 18 to 30. [Visit Website](#)
