A Petition to the Legislative Assembly of Ontario:

Whereas, the Province of Ontario has a plan and/or action to amend the legislation under the Immunization of School Pupils Act (ISPA) regarding religious and conscientious exemption regulations;

Whereas, the proposed and /or tabled amendment requiring “education sessions” interferes with our informed consent rights as specified in Ontario’s Health Care Consent Act, 1996, specifically “Elements of consent” 11. (1) 3. The consent must be given voluntarily. And 4. The consent must not be obtained through misrepresentation or fraud;

Whereas, the proposed and/or tabled amendment interferes with our Constitutional Rights under the Charter of Rights and Freedoms;

Whereas, vaccines are injected complex biochemical compounds that carry a risk of injury and death;

Whereas, the Province of Ontario and the Government of Canada take no responsibility for vaccine injuries and deaths;

Whereas, education sessions are a waste of limited health care dollars that could be better spent elsewhere;

We, the undersigned, petition the Legislative Assembly of Ontario as follows:

Cease the passing of any legislation under the Immunization of School Pupils Act that would require Ontario residents who have made a religious or conscientious decision to exempt their child from any or all vaccinations under the Act;

1) to submit to an "education session" or

2) to submit to any other coerced and/or forced measures under the ISPA.
