

STOP the **EXPERIMENT**

COVID Shots - The Facts

- 1) Serious adverse reactions, including life-long injury, disability and death are real and are under-reported.
- 2) Safety trials will not be complete until 2022/2023. This is human experimentation.
- 3) COVID shots may cause infertility, miscarriages and birth defects.
- 4) COVID shots use genetic technology and may affect all future generations.
- 5) COVID shots have not been proven to stop infection or transmission.
- 6) Coercion is not consent, and is in violation of Canadian Charter Rights and Freedoms and the Nuremberg Code.
- 7) Medical privacy and freedom of movement are your Constitutional rights. Lock downs and vaccine passports violate national and international law.

Check the reverse side of this postcard for references and to learn more about your Constitutional Rights and Freedoms.
